

ANIA[®] CIVRH612* – *New: extra flavorful*

*Patent Application in progress, property of Consorzio Italiano Vivaisti (CIV)

PLANT:

- ✓ Everbearer variety with high chill requirement.
- ✓ Medium vigour,
- ✓ Upright habit,
- ✓ Variety with very good tolerance to soil borne diseases, slightly susceptible to mildew.
- ✓ Good productivity, also in the second year.
- ✓ The picking season is extended and consistent.

FRUIT:

- ✓ Heart and ovoid shape.
- ✓ Good size, constant throughout the whole picking season.
- ✓ Bright red colour.
- ✓ Good skin resistance.
- ✓ Excellent organoleptic characteristics, juicy and sweet with high brix levels. This variety is made unique by its expansive aromatic notes of wild strawberry.
- ✓ Fruits are highly resistant on the plant and can be harvested when fully ripe.
- ✓ Excellent shelf life.
- ✓ Stalks removal is very easy, the fruits are suitable for fruit salads.

HARVEST:

- ✓ Early and extended during the season.
